

Our Approach

Thorough research and analysis to understand the current state of cultural heritage digitization in Europe. Development of innovative enablers and tools to support the digitization, management, and reuse of cultural heritage artefacts.

Engagement with communities, institutions, and stakeholders through participatory design and co-creation processes.

Establishment of partnerships and collaborations to maximize the impact and reach of our framework.

“Facilitating access to digitized cultural heritage artefacts for research, education, and public engagement”

Our Impact

Empowering communities to preserve and celebrate their cultural heritage.

Facilitating access to digitized cultural heritage artefacts for research, education, and public engagement.

Stimulating creativity and innovation through the reuse of heritage artefacts in various industries.

Contributing to the sustainable management and preservation of Europe's rich cultural heritage.

Get Involved

Join us in our mission to REEVALUATE the digitization of Cultural Heritage! Together, we can preserve, celebrate, and reimagine our cultural heritage for generations to come.

REEVALUATE

Digital Culture for All

Embracing Openness, Collaboration,
and Inclusion in the Digitization of
Cultural Heritage

Welcome to the REEVALUATE Project!

At REEVALUATE, we're dedicated to revolutionizing the process of digitization of cultural heritage artefacts across Europe. Our innovative framework for safe, open, collaborative, and inclusive digitization of cultural heritage, empowers communities, institutions, and stakeholders to actively participate in the preservation, management, and creative reuse of cultural heritage treasures.

About REEVALUATE

REEVALUATE is a HORIZON EUROPE project dedicated to revolutionizing cultural heritage digitization management. Our goal is to provide a holistic solution that fosters collaboration, encourages creative reuse, and ensures democratic and inclusive prioritization and contextualization. Through our framework, we aim to address current challenges faced in cultural heritage digitization using technological enablers for every stage of an artefact's lifecycle, from prioritization and contextualization to storage, collaboration, and reuse.

Our Objectives

- To develop a comprehensive framework for digitization that addresses key challenges and opportunities of the sector.
- To empower communities and stakeholders to actively participate in the digitization and management of cultural heritage.
- To foster collaboration and creative reuse of digitized cultural assets across various industries and sectors.
- To ensure the ethical, legal, and sustainable use of digitized cultural assets for present and future generations.
